Eike Düvel

Postdoctoral researcher, Institute of Philosophy and ITAS, Karlsruhe Institute of Technology

eikeduevel.com eike.duevel@gmail.com philpeople.org/profiles/eike-duvel

Areas

Specialisation	Climate ethics, intergenerational justice, risk ethics
Competence	Normative theory, political philosophy, ethics of technology

Positions

2022-	**Postdoctoral researcher**, Institute of Philosophy and Institute for Technology Assessment and Systems Analysis, Karlsruhe Institute of Technology Helmholtz research group Philosophy of engineering, technology assessment, and science
2016-2019	**Research assistant**, Doctoral Program Climate Change, University of Graz Funded by the Austrian Science Fund (FWF), the University of Graz and the federal state of Styria
2011-2015	**Research assistant**, Institute of Philosophy, University of Göttingen Chair of Prof. Holmer Steinfath

Education

2016-2021	**PhD in philosophy**, University of Graz, FWF Doctoral Program Climate Change and Department of Philosophy Dissertation: Neither rights nor welfare: A contractualist account of risk imposition
2010-2015	**MA in philosophy**, University of Göttingen Thesis: Normativity, self-constitution and public reasons in Christine M. Korsgaard's work
2007-2010	**BA in philosophy and economics**, University of Bayreuth Thesis: Pathologies of the free-will debate

Publications

● Published and forthcoming

Non-identity and compensation for climate change: The not-so-minor difference claim
With Laura García Portela. Utilitas, 2026 (online first).

Fairness in emissions accounting: A moral responsibility approach
With Laura García Portela. Ethical Theory and Moral Practice, 2026.

The obligation to long-term governance: A philosophical analysis
With Michael W. Schmidt. Energy, Sustainability and Society 16:3, 2026.

The ethics of climate change loss and damage
With Laura García Portela. WIREs Climate Change 15(6), e910, 2024.

Human rights-based precautionary approaches and risk imposition in the context of climate change
In Markku Oksanen, Ashley Dodsworth and Selina O'Doherty (eds.), Environmental Human Rights: A Political Theory Perspective. Routledge, 2018.

Ethics and risks: Approaches and issues
With Adriana Placani and Thomas Pölzler. Introduction to the special issue Ethics and Risks. Ethical Perspectives 25(3), 355-361, 2018.

○ In preparation

Minimizing complaints and saving identified lives

Can democracy be delegated? Digital twins and the value of public deliberation

Emissions accounting for AI research emissions
With Theresa Willem, Leo Kaindl, Michael Schmidt and Marie Piraud.

Making sense of resilience: Energy policy and normative trade-offs
With Rafaela Hillerbrand.

Stranded assets and legitimate expectations

Contractualism and risk
Book project.

Research stays

2025	**Utrecht University** Hosts: Joel Anderson and Jeroen Hopster. Funded by the Karlsruhe House of Young Scientists.
2019	**University of California, Berkeley** Host: R. Jay Wallace. Funded by the FWF Doctoral Program Climate Change.
2018	**Queen's University, Kingston** Host: Rahul Kumar. Funded by the FWF Doctoral Program Climate Change.
2009	**University of Delaware** Exchange semester. Host: Tom Powers. Funded by the exchange programme of the University of Bayreuth.

Funding

2024	KHYS Research Stay Grant, Karlsruhe House of Young Scientists, €10,000
2023	Helmholtz Initiative, Researchers at Risk Programme (GI-046), €38,017 (plus €63,187 matching funds from KIT)
2023	Helmholtz Initiative, Researchers at Risk Programme (GI-047), €22,092 (plus €27,329 matching funds from KIT)
2020	Member of the application team, SOLSTICE programme call, project Socially Just and Politically Robust Decarbonisation, €300,000
2017	Conference funding, federal state of Styria, €12,000

Selected talks

Nov 2026	**Can democracy be delegated?** ENCODE 2026, Rotterdam, the Netherlands
Sep 2026	**Can democracy be delegated?** MANCEPT Workshops 2026, panel Doing Democracy Differently? Democratic Innovation in an Age of Backsliding, Manchester, UK
Jun 2026	**AI and the value of public deliberation.** 2nd International Conference on Large-Scale AI Risks: Ethics, Safety, and Governance, KU Leuven, Belgium
Mar 2026	**AI and the value of public deliberation.** Invited talk, Workshop on Tokenization and Digital Twins, Zug, Switzerland
Nov 2025	**Commentary on ReasonAIde.** Workshop KI für deliberative Kulturen, Berlin, Germany
Sep 2025	**The persisting relevance of the non-identity problem.** GAP.12, Düsseldorf, Germany
Sep 2025	**Normative emissions accounting: A proposal.** GAP.12, Düsseldorf, Germany

Apr 2025	**Risk and the sustainable transformation.** Guest lecture, Future Space for Sustainability and Science, Karlsruhe, Germany
Apr 2025	**AI and the value of public deliberation.** Responsible AI: Promises, Pitfalls, and Practices, Munich, Germany
Jan 2025	**The not-so-minor difference claim: The non-identity problem and compensation claims.** Invited talk, Workshop Climate Ethics above 1.5°C, Rotterdam, the Netherlands
Jul 2024	**Compensating the losers of just transitions.** Invited talk, EnZO (Enabling Net Zero) Lecture Series, Karlsruhe, Germany
Jun 2023	**Current issues in the emerging field of normative energy ethics.** Helmholtz Energy Conference 2023, Koblenz, Germany
Jun 2023	**Normative emissions accounting.** Society for Applied Philosophy Annual Conference 2023, Antwerp, Belgium
Jun 2023	**Stranded assets and legitimate expectations.** Energy Ethics Conference 2023, St Andrews, UK
May 2023	**Stranded assets and legitimate expectations.** Invited talk, Normative Energy Ethics Lecture Series, Karlsruhe, Germany
May 2023	**Saving lives and minimizing complaints.** Varieties of Risk AHRC project workshop, Stirling, UK
Dec 2019	**Aggregation, principles, and risk.** Invited talk, Philosophy colloquium, University of Kiel, Germany
Oct 2019	**Contractualism and risk imposition.** Commentary, APA Central Division Meeting, Denver, USA
Oct 2019	**What does it mean to have a right against climate change related risks?** IX Braga Meetings on Ethics and Political Philosophy, Braga, Portugal
Aug 2019	**Stranded assets as a normatively significant burden.** International Wittgenstein Symposium, special session on climate change, Kirchberg am Wechsel, Austria
Oct 2018	**Contractualism and non-identity.** Graduate student colloquium, Queen's University, Kingston, Canada
Oct 2018	**Justifying the imposition of risks of rights violations on future people on contractualist grounds.** MANCEPT Workshops in Political Theory 2018, Manchester, UK
May 2018	**Commentary on Livia Luzzatto, Fixing the scope of climate justice.** Graz–Reading Workshop on Climate Ethics, Graz, Austria
Mar 2018	**Two problems for bounded value function approaches.** Graz–Leuven Workshop on Political Philosophy, Graz, Austria
Sep 2017	**Respect as justifiability to others and risk imposition.** MANCEPT Workshops in Political Theory 2017, Manchester, UK
Sep 2017	**Stranding assets.** 11th ECPR General Conference, Oslo, Norway
May 2017	**Duties to strand assets and compensatory claims.** Workshop Climate Ethics and Climate Economics: Risk, Uncertainty and Catastrophe Scenarios, University of Cambridge, UK
Sep 2016	**Rights, risk, and paralysis.** Workshop Climate Ethics and Climate Economics: Risk, Uncertainty and Catastrophe Scenarios, London School of Economics, UK

Teaching

2024–2026	**Philosophical perspectives on risky technologies** PhD seminar, ITAS PhD teaching programme, KIT
2026	**Circular Factory lecture series, Environmental communication, Energy and environment, Financial mathematics in discrete time** Co-teaching ethics in engineering and science courses, Academy for Responsible Research, Teaching, and Innovation (ARRTI), KIT
2026	**Contractualism and risk** Guest lecture in the course Climate Change and the Demands of Justice, Erasmus University Rotterdam
2024	**The political philosophy of artificial intelligence** Seminar, KIT
2024	**Ethics and resource cycles** Seminar, KIT
2024	**Enabling Net Zero** Workshop, KIT
2023	**Introduction to philosophy** Seminar, KIT
2018	**Theories of intergenerational justice** Seminar, University of Graz
2014	**Logic and theory of argumentation** Workshop, University of Göttingen
2011–2013	**Philosophy of mind, Introduction to practical philosophy, Theory of action** Tutorials, University of Göttingen
2008–2009	**Introduction to philosophy, Writing and presenting** Seminars, University of Bayreuth

Supervision

2025–	Daily supervisor, PhD project on the ethics of battery raw material mining
2025–	Daily supervisor, PhD project on the moral agency of AI systems
2024–	Mentor, PhD project on the ethics of raw material extraction and circular raw material cycles for the energy and mobility transition
2022–	Daily supervisor, PhD project on energy system resilience as a normative concept
2023–2025	Daily supervisor, PhD project on German anthropology of technology
2024	First examiner and supervisor, BA thesis on the climate damages tax as a forward-looking mechanism for the Loss and Damage Fund

Editorial work

In preparation	Guest editor, with Jeroen Hopster, of a symposium on the philosophy of societal transformations, Moral Philosophy and Politics
2018	Guest editor, with Adriana Placani and Thomas Pölzler, of the special issue Ethics and Risks, Ethical Perspectives 25(3)
2015	Copy editor of Martin Weichold, Zwischen Reflex und Reflexion: Intelligenz und Rationalität im unreflektierten Handeln. Berlin: de Gruyter

Organisation

2027	Beyond the crisis reflex? Potentials of long-term governance in research and practice. International conference, ITAS, KIT. Organising team.
2026	Workshop Resilience and Transformations, with Sophie Kuppler
2025	Workshop Philosophy of Societal Transformations, with Jeroen Hopster
2024	Forum on Philosophy, Engineering, and Technology (fPET 2024). Review committee.
2017	Conference The Ethics of Risk, Graz, with Adriana Placani and Thomas Pölzler
2012	Four-day workshop with Christine M. Korsgaard on normativity, Göttingen, with Johanna Mardt and Tim Fitschen
2012-2015	Assistant organiser of four conferences at the University of Göttingen, on Kant's practical and theoretical philosophy, human rights, Kant's legal and political philosophy, and relativism and disagreement

Reviewing

Journals Ethical Perspectives, Journal of Applied Philosophy, The Journal of Philosophy, The Journal of Value Inquiry, Moral Philosophy and Politics, Philosophical Studies, Science and Engineering Ethics, TATuP, Zeitschrift für Praktische Philosophie

Books Manuscript review for Taylor & Francis; chapter review for the collected volume The Ethics of Inefficacy

Public philosophy

2026	Justice in the shadow of uncertainty: Whom should we save? Public lecture and discussion (in German), lecture series Wissenschaft & Weisheit, Department of Philosophy, University of Zurich
2024	Commentary on the German Ethics Council's statement on climate justice, with Laura García Portela, for the Science Media Center. Quoted in Süddeutsche Zeitung.
2023	Fair public transport. Citizens' workshop at technik.kontrovers 2023, Karlsruhe
2016-2018	Founding member and editor of the blog Climate Footnotes, with posts including "A carbon tax is not enough" (2017) and "Do future people have a right against current generations to be protected from climate change?" (2016)
2016	Klimawandel: Unsicherheiten, Schwellenwerte und Strategien. Public lecture, Tag der Geisteswissenschaften, Graz
2011	Atomkraft oder Kernenergie. Science-to-public campaign on energy policy, supply security and risk in the energy sector

Work outside academia

2020-2021	Consultant, Evoloso Projektmanagement & Consulting
2006	Intern, IBM Global Business Services, Bonn
